Congratulations, your garden or habitat
is officially certified

Native Plant Butterfly Garden

No. 0063

Your display of this sign announces your commitment to the Wild Ones® mission to promote biodiversity and environmentally sound practices of natural landscaping using native plants and to share such information with your community. Thank you for creating a garden/ habitat just for our pollinator friends.

It is our hope you will continue to grow in your knowledge of and enthusiasm for the use of native plants. However, if your landscape ceases to reflect the mission of Wild Ones®, this sign should no longer be displayed.

Thank you for your support

Wild for Monarch Committee
